

Installing Dump Truck Dispatcher Driver App to Home Screen (iOS)

Prerequisites:

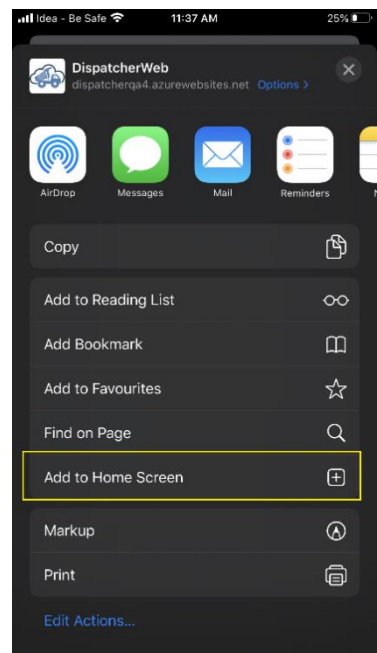

1. "Dispatch via driver app" setting should be enabled in Dump Truck Dispatcher
2. User has an account with the driver role and an associated driver record.

Adding driver app to home screen on iOS phones:

1. Open "dump truck dispatcher" application in the safari browser by typing <https://pwa2.dumptruckdispatcher.com> into the browser address bar at the top of the browser.
2. If the value in the "Tenant" control is blank or is not the tenant you were given, you'll need to change it. You can do this by clicking the "Change" link and entering your tenant name. This should have been sent to you separately.
3. Enter your login credentials on the login screen.

4. Once logged in, click on "share" button icon present in browser options(at the bottom of screen)
5. Scroll down and select "Add to home screen"

6. After adding it to the home screen, an icon will be available, and the application can be launched directly by clicking on it.
